■ Your Business | Our Specialty ■

*I have had a close association with e-counting over the past five years. In this time e-counting has assisted my clients by providing seamless accounting support and the ease of online access of financial information.*

*With excellent client service and proactive advice and communication, there is no other provider in the marketplace that would rather work with.*

**Aaron Murden**  
**Director**

*Leaders in High Performance Property*

*E-counting has fast tracked the growth of the OHL Group over the last 12 months and is currently assisting with streamlining our management systems to assist us with a National roll out of our business in 2010.*

*I would recommend E-counting to any company looking for assistance with gaining more Financial Control of their business.*

**Phil Hartog**

**Director**

*E-counting has been taking care of the financial side of my business since 2003.*

*They take care of all my reconciliations as well as the day to day bookkeeping which lets me focus on the running of my business.*

*In addition they alert me to any matters that require attention and provide all accounts and BAS reports to my Accountant in order to prepare my tax returns and ATO compliance.*

*Matt and Reece have a thorough understanding of my business and how I like to run it. They frequently offer suggestions on how to improve the business and are always on the look out for potential clients and alliances that I can form.*

*By having E-counting on my team I can relax knowing that all my accounts and compliance are up to date without having to worry about this side of the business thereby freeing up more time to enable me to generate new business.*

*I am happy to recommend their services to anyone and feel free to contact me for any further details.*

*Your Faithfully*
