

## E- Counting – Online Accounting system

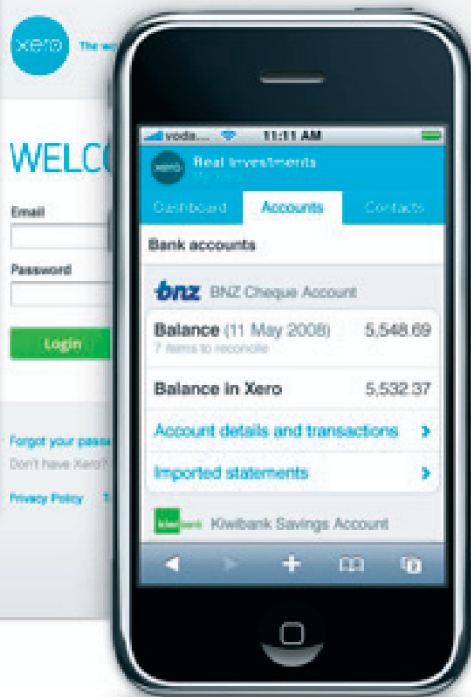

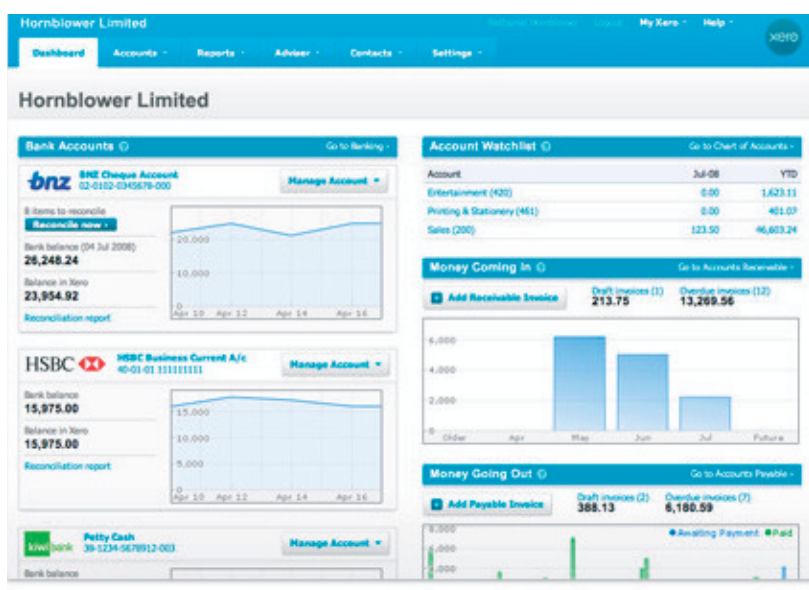

E-counting® provides an online integrated Accounting system that streamlines the Accounting function for Businesses with a turnover up to \$500,000 throughout Australia.

E-counting has over 10 years experience in the Online Accounting system market in Australia and works with over 100 clients throughout Australia in managing their businesses online.

The system provides an online dashboard to give business owners quick easy to read information which assists managing cashflow and business growth for time poor business owners. By being online, the E-counting team can manage other Accounting functions for your business including –

- Budgets and Cashflows
- Payroll and Workcare Compliance
- Bas Compliance
- Monthly Management reports

Contact E-counting today to find out how we can help you Business Online and customise our online Accounting system to your business.
